Who We Are

Wagner Hills Ministries and ARK have come together in the Kootenays to introduce individuals who are struggling with addiction and otherwise broken lives, to a new way of living.

We offer a haven for those seeking freedom from their addiction, to introduce them to a new way of life in Jesus Christ and to encourage them in commitment to continue in our discipleship program.

What We Offer

Purpose for your life and a safe place to begin your journey to freedom.

Your daily routine involves your participation in prayer, teachings, worship, journaling, and relationship building with others and with God.

What We Believe

We believe in the Word of God as found in the Bible. This is the foundation for how we think, speak, and act.

God is our Creator, and Savior, and our judge. He loves us and desires a relationship with us and wants to give us new, eternal life through Jesus Christ.

We believe that we have the ability and freedom to make personal choices, and are responsible for those choices. Therefore, we all live with the consequences of our choices. We are responsible for how our choices affects others.

Real and lasting change occurs when God changes our hearts and better choices become our lifestyle. We co-operate with God in changing our lives by obedience to His principles.
